GROWTH OF GREENERY AND ENVIRONMENTAL PROTECTION IN AND AROUND

Within the campus, the institution maintains a clean and green environment. By establishing a distinct estate maintenance wing, the Institution ensures the preservation of the environment. It maintains the lawn and plantations by employing gardeners and sweepers. Aditya Degree College is more concerned with keeping a green campus and being environmentally friendly, which ensures that pure oxygen is available throughout the building. The campus has been made greener by the addition of more trees, providing a pleasant environment for students to learn in and faculty members to work in.

In a step towards fostering eco-sensitive awareness, Aditya Degree College has over the years nurtured and nourished a well-maintained garden environs in the campus. We have many species of exotic and regional varieties of plants in the garden.

Aditya Degree College always gives importance to have pleasant atmosphere and pollution free environment grow greenery in and around Aditya Degree college premises.

- There is a 40 feet pathway from the main road to the college.
- The pathway surrounds on the three sides of the premises.
- To have a pleasant look and pollution free environment greenery is grown along the margins of the pathway, opposite the building, In the parking area and playground.
- The greenery includes 8 decorative trees opposite to the main building, 125 decorative plant pots, nearly 250 flower plants are grown around the college.
- Even in the staff parking area 45 trees are grown to have cool shade and pleasant and beautiful look.
- In the playground also greenery is present, It includes 10 flower plants and umbrella shaped cutting models, one Margosa tree, one Gooseberry tree, small Mango tree and Guava and other small trees are grown.
- The visitors, parents, students and staff members have pleasant feeling when they enter the premises. Everyone who comes to the college appreciates college premises.
