Exemplary Icon, Role Model, Beacon Light of Education- Mr. N. Sesha Reddy, Powerful Visionary-Pioneer
for the cause of Quality Education.

"I can not rest from travel; I will drink life to the lees"

- Alfred Lord Tennyson.

The inspiring and meaningful lines from the best poem of Tennyson has set the tone and motif for me to take the competitive, challenging and noble task of laying the foundation for beginning an educational institution in pursuit of knowledge and human values. To keep my mind always active was my motto and the very thought of keeping my mind dull and idle questioned my dreams and desires. So with all earnestness towards the cause of education, I contemplated in establishing an educational institution.

I believe in the philosophy of life which makes strenuous efforts to consistently go in quest of knowledge and morality. Hailing from an ordinary family background did not provide me the privilege and benefit of learning facilities. So with tall dreams and lofty ideals, I made a forward march with audacity and strong desire to begin college named Aditya in a tiny hamlet of Surampalem.

I know the value of a good education, more so because I did not have the benefit of the facilities that make the learning process smooth. I began my career as a lecturer, giving up my desire of qualifying in the Service Commission Examination. Out of my despair was born a strong determination which took the shape of Aditya Educational Institutions. Challenges, Competition and the fear of failure are natural, but success embraces those who face these with the can-do attitude. For me this can-do attitude is backed up by our state-of the- art infrastructure, picturesque & inspiring setting and devoted team of faculty-members and administrators. The learning ambience at all the constituting Institutions is perfectly suited for all-round growth and academic excellence. Today, the group has a proud record of evolving efficient, confident and highly knowledgeable technocrats, managers, pharmacists and entrepreneurs with global thinking and futuristic mind-set. The present-day job market poses fresh challenges that need to be managed innovatively. Global business Incubation centre, Microsoft Innovation Centre, Technical Skill Development Institute, T-hub, Training and Placement Cell, GATE coaching etc., act as perfect vehicles for this. I hope the educational journey in Aditya will continue for centuries to come.

I wish you all the best.

N. Sessa Reddy

Chairman

Having been the direct beneficiary of Aditya group, Mr.N.Satish Reddy, MBA from UTS, Australia tries to fulfill the educational needs of students that will serve them for their life beyond the boundaries of Aditya

A Ray of Hope for the Youth

The trendsetter towards quality education, Aditya to me as its direct product has laid a firm, meaningful and cherishing foundation to fulfil my dreams and visions. As a direct product of Aditya, I am very much aware of the laborious and dedicated efforts put by my father to place Aditya on the academic map of the country through its various phases of expansion even under the most trying circumstances. My Masters degree from UTS, Australia has given me deeper understanding and insight into the prevailing educational system. This was coupled with the ideology of my father which enabled me to take the onus of steering Aditya. In succession, Aditya technical campus, Surampalem has been established to offer professional education in engineering, technology, management and pharmacy with the core concept of quality and excellence. Ever since its inception in 2001, the campus has registered speedy progress by upholding its abiding commitment to advance knowledge and educate students in science and technology. The prime aim of the campus is to make teaching and research relevant to the practical world.

The campus offers numerous opportunities for the aspiring students which lay a strong foundation for the corporate world. T-Hub is a specimen of innumerable opportunities provided to students with enough competitive inputs to become T-shaped engineers, facilitate internship on the campus, develop partnerships with corporate and industry giants etc. through its various programs.

The ultimate aim of Aditya is to make the campus the 'first stop' for companies in the recruitment process. In this regard training and placement cell takes utmost care to groom students according to the needs of the industry. Keeping in view the demands of the work environment which is beyond just knowledge and marks, a lot of emphasis is laid on the overall personality development of the students. Various clubs run by the students, events like VEDA (technical fest) and COLOURS (youth fest) etc. challenge the latent talent in the students and bring them to the fore. Finally a desire can change nothing, a decision can change something but a determination can change everything. For sure Aditya is strongly determined to provide its students a successful career.

Wish you good luck.

N. Satish Reddy

Vice Chairman

Having been the product of one of the best schools in India, 'The Good Shepherd School,' Ooty, Mr. N. Deepak Reddy embraces every opportunity to extract the full potential of students by giving the right impetus to succeed.

Epitome of Leadership

In a technically growing demand for quality educational rem, knowledge becomes a highly sought-after element across the globe. Having received Leadership training from world's most renowned university at Harvard helped me take on new challenges in the educational sector where I can potentially make an even greater societal impact to build knowledge about interdisciplinary leadership skills that create opportunities to educate and deploy accomplished leaders. Through the Advanced Leadership Initiative at Harvard, I was seeking to tap the experience of a socially conscious generation of student leaders and help redirect and broaden their skills to fill leadership gaps in solving major social issues and prepare the students at Aditya for their next phase as 'change agents' for societal service. I realised the true essence of technical education and with high ideals set up quality benchmarks for Aditya for providing exposure to the learners. With due respects, I acknowledge the academic skills I developed in my schooling especially in the field of Information Technology, I am fully aware of the ever increasing demands of the world.

Every student needs a platform to understand themselves by initiating in hidden potentialities. The boom in information technology has driven me to contemplate poignantly about the emerging trends in the field of education. So with the focus on sharpening employability, technical and professional skills of students, Aditya's golden platform creates wide range of options for students to augment their learning resources and make them successful in their respective careers.

A strong belief in the maxim that, "If character is lost, everything is lost", the management strives to create responsible students who are epitomes of highest ethics and social conduct. So the vision and mission is to evolve a new society by providing ample avenues and pathways to mould their personality and face the challenges of the global market.

I am very delighted to express that the quality of Aditya is recognized by the employers who offer jobs to our students even before the announcement of the results. Our alumni are contributing in their professions and have earned senior positions in public and private sector nationally and internationally.

Keep the ball rolling!

Good luck for your future endeavours.

N. Deepak Reddy

Secretary

About Aditya Group

Aditya is an illustrious institution that has positively shaped the lives of those that entered its portals. It is a fountainhead of support to many an underprivileged student who is in need of education and moral help, as much as it is a perennial spring of learning for all others. Aditya is a proven entity for its dedicated efforts in transforming nascent students into nimble citizens. Life in Aditya is an invigorating experience that paves the way for wholesome development of personality. The inspiring academic environment, comfortable life in the hostels, warmth and care of the Professors and the competitive atmosphere of extra-curricular activities nurture the students to shine as leaders in their chosen fields.

It was in 1982 Aditya entered the educational firmament when people predicted that establishing an educational institution in the region was like 'teaching in class rooms to empty benches'. In a short span of time Aditya became the best in the region providing its students an ideal environment to hone their skills in an increasingly competitive and demanding world and set the tone for a long and distinguished saga that was to follow and with 'Progress through holistic education'. By establishing several branches as Junior, Degree, Post Graduation, Engineering and Pharma colleges, Nursing, Business school, Management, B.Ped colleges and Teacher Training Institutions, Aditya stands tall with 60 Educational Institutions, 6000+ faculty and 60,000+ students. Aditya group stands firm with indelible imprints on the glorious academic traditions with three decades of unparalleled pedagogy attracting students from 18 states and 12 countries. Aditya is also well-known for the creative and captivating activities of the students in the campus such as sports, cultural and spiritual activities that keep the premises endearing and inspiring.

Just as Godavari districts are considered as the 'rice bowl' of the state of Andhra Pradesh due to the vision of '**Apara Bhageeratha**' **Sir Arthur Cotton**, Aditya Educational institutes are considered as temples of learning, Enlightening the Nescience, due to the vision of the eminent educationist **Shri N. Seshareddy** whose dream is to redefine educational standards by shaping Aditya as a window to the emerging market driven global economy. With years of experiential learning processes behind it, the college restructured its system of education by introducing a credit- based system in 2017, offering many new academic programmes that encourage interdisciplinary associations. It is a matter of pride and privilege for every student to study in Aditya.

VISION

To induce higher planes of learning by imparting technical education

With international standards, applied research, creative ability, value based instruction to emerge as a Premier Institute.

MISSION

Achieving academic excellence by providing globally acceptable technical education by forecasting technology through Innovative research & development, Industry-institute interaction, Empowered manpower

Quality Policy

Aditya is committed to create, sustain and improve the learning process through Total Quality Management and make itself a seat for Scientific and Technological learning, with Continual Improvement and Team Work as its strengths for achieving the set objectives.

Enlightens the Nescience

SCHOOL OF *Civil Engineering*

'Apara Bhageeratha'- Sir Arthur Cotton remains revered and enjoys the pride of place in the hearts of the people in coastal Andhra Pradesh for being the genius architect behind the projects that made the delta region the 'Rice Bowl' of the state. With this inspiration taken from the genius architect, the department of Civil Engineering at Aditya transfers innovative applications to improve Civil Engineering practices which fulfill the requirements of civil construction industry.

To face the challenges in the field, the department associates itself in different consultancy activities like quality control, design, detailing, soil testing and concrete testing for the construction sites in the close vicinity.

The department has state-of-the-art facilities, latest software like STAAD.Pro, AUTOCAD, Revit Structures, Robot Structure analysis etc. and well-equipped laboratories with expensive equipment such as Total Station, Universal Testing Machine, Tri-axle Shear Testing Machine, Kaplan turbine, Francis turbine, Pelton wheel testing rig, Compression testing machine, Ultrasonic pulse velocity equipment etc.

The department offers unique internship opportunities to students in companies like L&T Construction, Reliance Industries Limited, OIL, Irrigation Department, Govt. of A.P., Soma Constructions, APCO Infratech, Vizag Steel Plant etc.

Programmes offered

Diploma
DCE (Diploma in Civil Engineering)
Undergraduate
B.Tech (Civil Engineering)
Postgraduate
M.Tech (Structural Engineering)

Aditya is a wonderful 'temple of knowledge'. Aditya enriches its students with very practical insights related to the theoretical knowledge provided here. In a very creative way Aditya encourages students to think out of the box. The college not only helped me to excel in the academic areas, but also taught me a lot about different cultures and how to appreciate them. I am highly elated to be a part of Aditya family.

P. Harika - 15A91A0127

SCHOOL OF

Electrical & Electronics Engg.

Established as one of the major departments of the Institute, the Department of Electrical and Electronics Engineering at Aditya strives to produce highly competent engineers equipped with advanced professional knowledge, entrepreneurial thinking, professional and ethical attitude, critical problem solving and analytical skills through effective teaching learning process, research and industrial collaboration.

The faculty of the department, a rich blend with academic and industrial experience, have been constantly carrying out research on many cutting edge technologies with regular publications in ELSEVIER and other top international journals.

The department strives to upgrade the knowledge of faculty and students by organizing various Workshops, Industry-Institute Interactions, Continuous Improvement Programs inviting eminent personalities from Industry and academic Institutions, Seminars and Research activities. Students are provided internship programs in various power plants and industries like Reliance, SAIL, HPCL, GMR, GVK, VTPS, Vizag steel plant, ONGC, APGPCL, APEPDCL etc.

The department spares no expense to equip the labs with latest equipment like Three phase AC Integrated Machine, DC Integrated Machine, Wireless Transmission of Electric Power using Tesla Coil and technical software like MATLAB & P-Spice.

Programmes offered

Diploma
DEE (Diploma in Electrical & Electronics Engineering)
Undergraduate
B.Tech. (Electrical & Electronics Engineering)
Post Graduate
M.Tech. (Power Electronics)
M.Tech. (Power Electronics & Drives)

The biggest achievement for all engineering students is to get an opportunity to commence their career with a reputed organization and a good package. Aditya has nudged me out of the comfort zone which landed me with a job in CapeGemini. The vast hands-on experience and enriching opportunities were exposed to help me bag a job in one of the top MNCs. Overall, they shaped me for everything that the company was looking for, resulting to such a good job offer.

Kola Annapurna - 15A91A0220

SCHOOL OF *Mechanical Engineering*

Managing moving machines of the world! It is this catchy phrase that has made Mechanical Engineering the thriving branch for being an integral part in shaping our world run on machines. The Mechanical Engineering department at Aditya has earned a place of high repute through its quality teaching rendered by highly qualified and experienced faculty with umpteen number of research publications in reputed journals like ASME, ELSEVIER etc. and rigorous practical training is creating an ambience of excitement in all the stages of study.

The department lays impetus on hands-on training with the support of simulation packages such as CATIA, ANSYS, I-DEAS, PRO-E, UNIGRAPHICS and SOLID WORDS.

The professional activities include guest lectures, industrial visits, workshops, seminars, technical festivals VEDA and programs under Mechanical Engineering Students Association (MESA), collegiate club of the Society of Automotive Engineers (SAE) and Auto gear club.

The projects that received appreciation in various events organized at state and national level are Go-Kart, Quad bike, Solar powered wheel chair, LPG bike, Reaping Machine and many such highly relevant contraptions.

Students are encouraged to do internships in reputed industries like TATA Motors PVT. LTD., Hindustan Shipyard, BHEL PVT. LTD., Bhilai Steel Plant, Bokaro Thermal Power Station, Nalco Mining Division etc.

Programmes offered

Diploma
DME (Diploma in Mechanical Engineering)
Undergraduate
B.Tech. (Mechanical Engineering)
Post Graduate
M.Tech.(CAD/CAM)
M.Tech.(Thermal Engineering)

Education in Aditya develops a constructive attitude towards student's career and to discover their skills of interest. Such a splendid place it is to be in & with the help of my department I got placed in WIPRO and as software tester in ZENQ. The learning environment and resources available here is a blessing. In addition, Aditya has provided me a very efficient platform for the exposure of training and placement department by most efficient, dedicated, hardworking team.

Siva Sai Sriram Desetti - 15A91A0340

SCHOOL OF

Electronics & Communication Engg.

With new ideas emerging relentlessly, both the graduation and post-graduation programs of Electronics and Communication Engineering Department tries to excel by focussing on the needs of industry and society through student centric methodologies which is reflected in placements every year.

The department is well-equipped with the state-of-art laboratories which encompass the wide area of applied and fundamental aspects of the prescribed curriculum. In addition, the department enables training on advanced technologies through Texas Instruments Innovation lab, E-Yantra Robotics Lab, Intel Intelligent Systems Lab etc.

The department has signed MOUs with various industries for internship like BHEL, ONGC, Hindustan Shipyard Ltd, BSNL, Airports Authorities of India, DLRL – Hyderabad, Rashtriya Inspat Nigam Limited etc.

The faculty of the department persistently carry out research and are specialists in the fields of device electronics, signal and image processing, antennas, microwave & optical engineering, wireless communication, embedded systems and VLSI design.

Programmes offered

Diploma
DECE (Diploma in Electronics & Communication Engineering)
Undergraduate
B.Tech. (Electronics & Communication Engineering)
Post Graduate
M.Tech. (VLSI Design)
M.Tech. (Embedded Systems)

Aditya has been the 'light house' for me to anchor and achieve all my dreams. Co-curricular activities have instilled in me a creative potential which helped me to join a global programme called "University Innovation Fellows" in world's top university named Stanford University, California. With utmost cooperation and encouragement from the college, I have also been to University of Twente, Netherlands. Certainly, Aditya can fit into the world map and can make things happen to the students.

Thanks Aditya !!

Durga Dinesh Chintapalli - 15A91A0470

SCHOOL OF

Computer Science & Engg.

With Global Excellence, National Relevance and Industry preference as prime motto, the Department of Computer Science and Engineering fosters greater learning experience by providing a broader scientific and practical approach to computation and its applications.

The department has been consistently fulfilling its role by transforming students into technically competent, socially responsible and ethically professional graduates. Remarkably, two students of the department received gold medals for being the toppers at the university level.

Well-equipped class rooms, well networked Labs setup with latest software, Industry-Integrated projects, creative teaching-learning process, research based activities in the emerging areas, impressive placements, certification courses make the department well advanced on the professional front.

Flagging the reputation of Aditya at national and international levels, the faculty of the department have been conferred with numerous prestigious awards and accolades. Several faculty members review technical articles for journals, serve on the editorial boards of national and international journals, deliver guest lectures and organize workshops and symposia.

Programmes offered

Diploma
DCME (Diploma in Computer Science & Engineering)
Undergraduate
B.Tech. (Computer Science & Engineering)
B.Tech. (Information Technology)
Post Graduate
M.Tech. (Computer Science & Engineering)
M.Tech. (Software Engineering)
M.C.A. (Master of Computer Applications)

A conducive academic ambience in Aditya helps students to develop entrepreneurial skills and innovative thinking. It is indeed with the support of Aditya that I got an opportunity to be a Fellow of University Innovation Fellowship program partnered with Google on an international initiative in Silicon Valley, US. Aditya gave me new thinking, new opportunities and a path for my life to achieve goal as to become an agent of change to ensure that engineering students gain the necessary skills and knowledge required to compete in the global market.

K. Anirudh - 15A91A0563

SCHOOL OF

Petroleum Engineering

B.Tech in Petroleum Technology at Aditya, the 'branch of choice' for students, was the first to be initiated in the state of Andhra Pradesh which is the home to one of the biggest petroliferous basins of the world. Rapidly increasing demand for oil has resulted in increased oil and gas exploration activity creating a greater demand for Petroleum engineers. In this regard the Petroleum department relentlessly organizes development activities that provide students with opportunities to discover, explore and understand different aspects of the sector they are studying.

In addition to a well-stocked library, the department has well-equipped labs for Petroleum analysis, Reservoir simulation, Instrumentation and Process control, Reservoir Engineering and Drilling Fluids.

To its credit the department, considered to be one of the strongest in the neighborhood, has provided 100% 'on-the-job exposure' through internship opportunities to the students in reputed industries like, ONGC, OIL, HPCL, Selan Oil Exploration, GSPC etc., to give them the edge to be readily deployable.

Putting the department on the map of JNTUK, the affiliating university, two students received gold medals by being the toppers. Four students received 'Pratibha Awards' from the state government of Andhra Pradesh.

Realizing the cardinal needs of well-trained human resource in the field, the department relentlessly trains and keeps the staff and the students abreast of the latest trends by organizing workshops and guest lectures inviting experts from RIL, GSPC, ONGC, IOCL, INTERTEK, CMG, OIL, LTI, OFI and Halliburton International Ltd.

Programmes offered

Diploma
DPT (Diploma in Petroleum Technology)
Undergraduate
B.Tech. (Petroleum Technology)
Postgraduate
M.Tech. (Petroleum Engineering)

Life as an Adityan is unique in its own right. Here studies are perfectly balanced with extra curriculums. Aditya enriched me far beyond bookish knowledge and helped me broaden my horizons which helped me secure a place in Guinness book of World Records in 'Kuchipudi.' Aditya creates an elevated platform for the students to showcase their hidden potentialities in the form of cultural activities. It boosts the morale of the learners by creating an opportunity to enhance their skills in education and also extra-curricular activities, thereby moulding a holistic personality.

Sumithra Lekha Payla - 16A91A2739

SCHOOL OF

Agricultural Engineering

Agricultural Engineering Department at Aditya is committed to educate and train agricultural engineers to support and maintain the pace of agricultural development in the country. With ample scope for jobs in Govt. and other allied agriculture sectors, emphasis is being laid on campus recruitment training right from the second year.

This department has laboratories with state of the art equipment in the required field. The labs include Soil Science and Agronomy lab, Farm Machinery lab, Agricultural Process Engineering Lab, Soil Water Conservation Lab and Micro Irrigation Lab.

To enhance the quality of students, the department frequently organizes industrial tours to give real time exposure to the students to different landscapes, agricultural methods and experts. This is reflected practically in the 5-acre of land allotted to the department specially. Rice, vegetables, cereal crops etc. are grown by the students under the guidance of staff.

Programmes offered

Undergraduate
B.Tech. (Agricultural Engineering)

Excellent infrastructure and learning facilities in the college motivates the students to expand their horizons in academics. Every student is honed with skills 'fit for job, fit for life'. Aditya is an abode of goddess Saraswati in shaping the students meets the demands of global market.

M. Yagendra Pravallika - 16A95A3520

SCHOOL OF

Mining Engineering

Take the road less travelled for employment at graduation level! It is this recent trend in the choice of courses at B. Tech. level that has led to the initiation of Mining Engineering Department at Aditya.

Here students are trained in sound fundamental theories in engineering backed by state-of-the-art laboratories which include Mineral Engineering lab, Mine Environmental Engineering Lab, Metallurgy Lab, Mining Geology Lab, Mine Surveying Lab, Rock Mechanics Lab and computational facilities.

The department has a diverse blend of faculty members from NITs, IITs and various other reputed universities across the country. The faculty, in addition to their unflinching dedication in teaching, encourage collaborative activities and scientific approaches which enable the students to understand the concepts as applied to mining methods and practices.

As mining engineers require an understanding of a number of aspects of other engineering disciplines like Civil, Electrical, Geological, Mechanical and Computer Engineering the department works collaboratively with the other departments.

Students are encouraged for internships in Bharat Coking coal Limited, Coal India Limited, Western Coal Fields, Eastern Coal Fields, Neyveli Lignite Corporation Limited and Singareni Collieries Company limited.

Programmes offered

Undergraduate

B.Tech. (Mining Engineering)

Aditya is a ray of hope to the learners providing wide exposure in curricular and extra-curricular activities for the all round development of students. The department really helped me to achieve a lot knowing that if something happened with sport, I would still be on track for a different career. Aditya has given me the motivation and confidence to achieve the top level athletics.

K. Sai Kumar - 17A95A2614

SCHOOL OF

Management Studies

The department of management mainly focuses on reimagining business and management by challenging the logics, questioning the existing ways and interrogating the evidence of doing things.

Case Study Approach, LPA (Learn, Practice and Apply), Activity Based Learning (ABL), Industrial visits, guest lectures, seminars, business fest, community initiatives Etc. are a part and parcel of the department. Interactive sessions with entrepreneurs and business professionals are organized where insights are provided on the academic fundamentals of contemporary entrepreneurship and innovation as well as hard-earned business experience.

The committed and competitive faculty of the department have proved their mettle by publishing numerous books, a few of which are prescribed as text books by various universities.

In addition to the regular Bachelor's degree and Master's programs in management, the department offers Dual Degree course to groom the students to gain entry-level managerial positions or to start and run their own business ventures.

Programmes offered

Diploma
PGDM (Post Graduate Diploma in Management)
Post Graduate
MBA (Master of Business Administration)
IMBA (5 Years Integrated Course)

I'm extremely thrilled that I have 'Belled the CAT'. Aditya Global Business School is a must for any student aiming to crack CAT & enjoy a learning experience while doing so. I owe a big part of my success to AGBS for the deep insight it gave me on the subjects taught. The numerous volumes of books in our library as well as the assistance of the faculty helped me build a new perspective of looking at the questions asked in the CAT exam and eventually crack them with a plumb.

Shresth Fomra - 15A91M0032

SCHOOL OF *Pharmacy*

Aditya Pharmacy College and Aditya College of Pharmacy are the two colleges that come under the large umbrella of Aditya group. Both the colleges are committed to prepare professional pharmacists in a learner-centered academic and professional environment. The colleges offer Bachelors program and Masters Program.

In addition to these programs a unique 6 year Pharm.D. Program is offered, completion of which enables Individual practice and fetch lucrative positions abroad.

The faculty of the colleges are a rare blend of top researchers and professionals, including well-acclaimed laureates. One of the faculty has received 'Young Scientist Award' during AUFAU International Awards ceremony.

In addition to the achievements of the faculty, the students are always in the fore front in winning accolades to the colleges. Five students received 'Pratibha Awards' from the state government of Andhra Pradesh. Numerous students secured top ranks in competitive exams such as GPAT, NIPER and PG CET.

Significant research initiatives include Design and Development of Novel drug delivery system, Standardization and Development of newer methods of drug analysis, Screening new molecules by pharmacological methods and Inter Departmental collaborative work.

Programmes offered

Undergraduate	Post Graduate
B.Pharm (Bachelor of Pharmacy) Pharma D. (Doctor of Pharmacy)	M. Pharm (Pharmaceutics) M. Pharm (Pharmaceutical Analysis & Quality Assurance) M. Pharm (Pharmaceutical Technology) M. Pharm (Pharmacology) Pharm D (Post Baccalaureate)

My experience at Aditya Pharmacy has made my dreams a reality. Aditya taught me the therapeutic and clinical aspect of Pharmacy, while also painting a picture in my mind and imprinting on my heart the patient interactive skills necessary to positively affect someone's quality of life. The combination of amazing faculty members, in addition to state of art laboratories allowed me to gain experience and knowledge to contribute to my profession!

Setty Jayadurga - 153HIR0067

SCHOOL OF *Forensic Science*

The department of Forensic Science in B.Sc course has been established at Aditya, to fulfil the needs of student community hailing from South India. Aditya feels proud to express that it is the first college in both Telugu states and the second college in South India to introduce B.Sc degree in Forensic Science. It gives utmost priority and special training on cybercrime investigation to the students. Aditya provides an intellectually challenging study of the full range of Forensic application with advanced curriculum. It is a multidisciplinary course covering Physics, Biology, Chemistry, Psychology and Law. The teaching methods include practicals, workshops, seminars & Guest Lectures from renowned Forensic Scientists, Lawyers and Law Enforcement officers, and field visits to Government and Private Forensic Science Labs. The program is affiliated to Adi Kavi Nannaya University. Forensic scientists work in crime laboratories as Forensic Chemists, Biologists, Toxicologists, Serologists, Ballistic Experts, DNA experts, Document Experts, Finger Print Experts etc.

Programmes offered

Undergraduate
B.Sc (Forensic Science)

One of the most useful courses I have taken which is very practical and applicable. The experiments and case examples were the most helpful in my opinion. The instructors work so well together and it makes for such a great environment to learn. I felt open to learn ..thank you ADITYA..

Shyny Shaji - 170113

Learning in Nature's Class

"Green Learning Environment"

Away from the hustle-bustle of the city life Aditya technical campus sprawls over 180 acres. The campus built within a rural setting of lush green fields, splendid avenue of trees,

aesthetically carpeted lawns and flowery shrubs presents a captivating spectacle.

Secure Campus

"No issues! No worries!"

Absolute security is the integral part of Aditya's service in the education sector. 'Aditya's Vigilant Team' deputed at all campus locations ensures safe academic ambience with its dedicated team of professional security officers and personnel under the supervision of Chief Security Officer.

Festivals

"Life is fuller and richer"

VEDA

Technical festival is conducted every year in the month of September

COLOURS

Youth festival is organized every year in the month of January

Aditya - Makes a

- Pharma Feiringer is Celebrated in the third week of November
- International Students' Day is Celebrated in the month of March
- Sports Day is Celebrated in the month of August

Philanthropic activities

"Passion for Compassion"

The NSS wing of the college aims to nurture social awareness among students through various events like -

- Blood Donation Camps
- Swachh Bharat
- Tree plantation
- Rural development Camps
- Adoption of villages
- Food and cloth distribution during natural calamities etc.

Aditya Leo Club

- Leo Club, a self-funded youth organization of Lions Clubs International, to develop leadership qualities by participating in social service activities. It aims at:
 - Conducting Awareness programs and workshops.
 - Fundraising programs for Orphanage & Old age homes.
 - Maintaining Old books & Clothes Collection stall.

Unnat Bharat Abhiyan

Students participate in Unnat Bharat Abhiyan, a national programme inspired

World of Difference!

by the vision of transformational change in rural development processes through participatory processes and appropriate technologies.

Facilities

"What not? Everything is here!"

Bank and ATMs

Syndicate Bank facilities are available on the campus. All the students and staff can make use of banking services with ease saving their time and effort.

The campus houses 5 ATMs

1. ICICI BANK
2. CENTRAL BANK OF INDIA
3. TATA INDICASH-2 ATMS
4. SYNDICATE BANK

Canteens

Separate canteens are run for North Indians and South Indians. Both the canteens can conveniently accommodate 300 students at a time. The canteens are provided with state-of-the-art cooking facilities with RO water.

Food Courts

Pizza or Vada, Panipoori or Bhelpoori, Chowmein or Momo - an array of sumptuous delights are available at the food courts which are spread across the campus.

24/7 Medical Assistance

We are always on our toes as far as health or emergency is concerned. The health centre, with a full time medical officer, provides medical check - up and free clinical facilities for all the students.

Transport

With a fleet of 310 buses, a transport facility is provided to every corner of the district for the students and staff at regular intervals, so that they can reach the institutions well in time and get back to their domiciles with a safe journey as per the schedule.

Gymnasium

Two gymnasias, one for men and one for women are provided which are well

equipped with modern facilities. Qualified gym instructors are available round the clock.

Reprographic features

Round the Clock the reprographic facilities like High speed Xerox with Computer Printouts and Line Printers are available.

Open Air Theatre

The campus has an open air auditorium, which seats 3000 for conducting various cultural activities throughout the year.

Amphitheatre

Aditya houses a stunning Amphitheatre for entertainment and performances. It can accommodate 200 members. It is equipped with world class acoustics and state-of-the-art lighting systems.

Internet and Wi-Fi

The entire campus is well knit with 24 hours Net availability with 60 mbps leased line and Wi Fi Systems thus making sure-knowledge, information and communication are just a tab away.

Book Cafe

Aditya's Book Cafe is a multi-purpose book store that caters to the academic needs of students.

Automation Anywhere is RPA tool which provides knowledge to help the organizations achieve process consistency across the team by automating and managing workflows in an efficient way.

Aims to enhance the quality and quantity of the IT talent pool and makes them the right choice for IT industries.

Applied Robot Control Lab

ARC in collaboration with German University and APSSDC provides hands-on experience to students in the field of Industrial Automation and Robotics, which makes a student fit for the industry.

APSSDC-CM Centre of Excellence

CM Skills Centre of Excellence by APSSDC paves way for the salient integration of high-end infrastructure that caters flawless and quality education for skill development.

Training on CISCO Certified Networking Association Certification.

Provides a complete portfolio of software, curriculum, hosted technology, faculty training, support, and certification resources.

The Dassault Systemes 3D-Experience Center

Dassault Systèmes and in collaboration with Andhra Pradesh State Skill Development Corporation (APSSDC) have set up a 3D EXPERIENCE Center at Aditya to make students industry ready in the field of Aerospace & Defense, Automotive, and Shipbuilding on the 3D EXPERIENCE platform with built-in industry solution experiences.

Industry Immersion

SAE Collegiate Chapter an affiliate society of SAE International develops/enhances technical skills and other important skills, including: Leadership, Time Management, Project Management, Communications, organization, planning, delegation, budgeting, and finance.

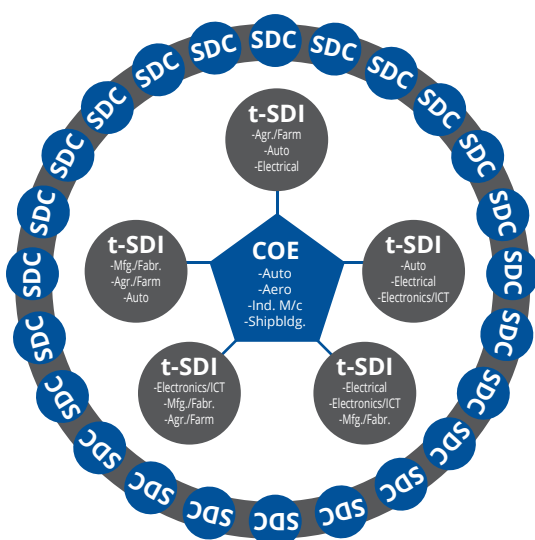

Member
SAP Student Academic Program

Training on SAP certified courses on the campus.

Raising standards through experiential learning!

Besides curriculum, Aditya exposes students to real work environment by providing various opportunities where they can apply knowledge, skill sets and techniques they have gained from class room. To bridge the gap and keep the students abreast of the latest trends in industry certification courses, summer training, internships, study tours, workshops and skill development programs are highly emphasized.

SIEMENS' t-SDI is established at Aditya which focuses on skilling students in a combination of three different trades- Design/CBT, Manufacturing (CNC), Electrical Lab (Home appliances), Manufacture Lab(Welding), Automobile 4 wheeler and Automobile 2 wheeler.

Indian School of Business in collaboration with Andhra Pradesh Information Technology Academy (APITA) has established a nodal centre at Aditya offering 2 year online certification course in Technology Entrepreneurship.

A Springboard for budding entrepreneurs

Aditya has established a Global Business Incubator, which acts as a springboard to budding entrepreneurs who wish to launch themselves into the world of business. It fosters the innovative and smart ideas of students and provides necessary support for successful completion. AGBI provides infrastructure, access to business support services, mentoring, training programs to enhance skills of entrepreneurs and seed capital.

Since its inception, AGBI has been organizing various events like Google-start-up weekend, e-weekend, hackathons, seminars and other awareness programs to push the ideas of students in the right direction. The main objective of all these programs is to find innovative projects that solve local problems.

- So far 105 business ideas have been developed
- 35 business ideas have been identified as commercially viable business models

Student Startups

Get my Tailor is an online tailoring door to door service. It offers traditional and customized tailoring services for both men and women.

Xploreit is a service based company providing services in the field of web designing, multimedia and branding in an ultimate way.

VYSPRAtech is a web designing company offering best in class services of Web Design, Mobile Apps, Multimedia, Gaming Design, Virtual Reality and Augmented Reality.

QQadz provides valuable & economical digital solutions for the customers in areas such as website designing, graphic designing and digital marketing.

Get my Books is an e-commerce website where the customers can buy or sell the old books.

3D KlikX empowers the innovation and prototyping by fulfilling the requirements of Engineers at the best with the joy of 3D printing.

Some of our illustrious corporate partners:

• Best Placement Awardee

Aditya was adjudged by the Govt. of Andhra Pradesh as the outstanding group for providing maximum number of placements to their students. The then Hon'ble Chief Minister Dr. K. Rosaiah gave away the award to the Vice - Chairman in a glittering function.

• Best placement award by ASSOCHAM

• Best placement support award by Tech Mahindra.

Corporate Readiness

The ultimate aim of Aditya is to make the campus the 'first stop' for companies in the recruitment process. In the midst of gargantuan positive tidings, India is being looked upon as a very competitive contender to fill the vast trough of employment opportunities with its eclectic and industrious student base. So to live up to the expected standards of the industry, campus recruitment training at Aditya kick starts at the first year of students' study.

The training and placement cell spares no efforts in running various programs and collaborating with various industries and organizations which equip the students with all the qualities required. Students are provided with substantial Training on Industry-oriented Employability Skills twined with Assessments which tread their path to Campus Placements.

All the programs designed by the Training and Placement sync with Industry needs. Hence the innovative initiatives such as, Cognizant Training on Technologies, Continuous Training on Industry Skills and Continual Scientific Assessment and Evaluation through **CoCubes.com** and **AMCAT** with a National perspective have been proving fruitful. Students have been demonstrating excellent performance on par with National Average in various domain skills across branches and specializations.

Training in Arithmetic, Aptitude and Reasoning, General Knowledge, English Language for Communication, Verbal Reasoning, Group Discussions, Interview skills, Resume drafting, Inter and Intra personal skills such as personal and corporate etiquette, Time management and Goal setting is given.

Total Placements in Aditya Group

The placements record is excellent and has been tremendously increasing over the years with students getting placed in well established Multi-National companies. The following consolidated data of Engineering, MBA, MCA, Pharmacy and Diploma proves ample testimony to considerable growth of placements from 2013 to till date.

• 30+ Experts • 50+ Certifications • 70+ trainings • 100+ workshops

Technical Hub

Technical Hub - Asynonym for Technical skill development Centre at ADITYA was established in the year 2016. Technical hub continues to strive to impart technical training to the students for the current and upcoming Industry skill related futuristic courses, along with globally

accepted 50+ certification courses providing in-campus internships, mentoring live projects etc. Technical Hub houses numerous innovative Labs such as Cisco, IoT, AR/ VR, Robotics, 3D Printer, Drone, RedHat, Industrial Automation, iOS and RC Plane.

Programs	
	<p>T-Shaped Engineer:</p> <p>Designed and managed by a bevy of experienced IT experts from IBM and WIPRO and integrated with the four years of engineering course. These industry ready skill trained students are the ones to be recruited first by any MNC.</p>
	<p>CODE < HEAT >:</p> <p>This program is aimed to engage students in the semester break and during summer vacation. Students can choose their choice of technology such as Data Science, IoT, RPA, Cisco Networking and lot more to stand out in the crowd during the campus placements in their final year of study.</p>
	<p>SKILL UP:</p> <p>Apart from Technical Hub regular skill programs, Skill Up program will emphasize students to meet Industry experts from all fields, Organise Industry visits, Host Hack-A-thons, Learn-A-thons & Industry connect meet-ups.</p>
	<p>INTERNSHIP:</p> <p>Eligible students will be offered internships under this program to involve them in the inhouse project development lifecycle. Students will be offered stipends for 3 months duration every year.</p>
	<p>T-CONNECT:</p> <p>First Year students from all branches of study are invited to participate and know about their career transition during their course of study. Students will be counselled to choose their choice of certification/Training to undergo specialised training in any academic year.</p>
	<p>Project Space:</p> <p>Students will develop and showcase real time problem statements and will develop solutions within stipulated time. Project Space enlightens the students coding, critical thinking and real time project development scenario. Realtime projects developed by students during project space can land a student in his dream job.</p>

Sports & Games

Securing six successive Inter-collegiate athletics championships from the affiliating university speaks volumes of Aditya's commitment to delivering sporting excellence besides high academic standards. Sports and games, a very distinctive feature of maintaining its tradition with fervor, has made Aditya the homeland to outstanding sportsmen and players.

Demonstrating the sporting spirit, 13 specially trained coaches and physical directors including an exclusive female physical director for girls render systematic training with which the college has been winning laurels in sports and games in Intramural and Inter University Competitions and open tournaments.

Sports events on the campus:

- 'Sports Farewell' is celebrated to honor the best performer in the yester years.
- International day is conducted every year where students from different countries come and participate in various sports and games events.
- Intramurals are conducted every year from December to March.
- Exclusive events are conducted like APL-Aditya Premiere League, ACT-Aditya Cricket Tournament and AFL-Aditya Football League.
- Various sports and games events are conducted on account of Women's day, Sports day, Youth fest 'Colors', Campfire etc.

- 3 Athletic tracks
- 3 Basketball courts
- 5 Volley ball courts
- 10 Badminton courts
- 2 Cricket nets.
- 2 Football courts
- 2 Kho-Kho courts
- 5 Throwball courts
- 4 Kabaddi courts

Indoor games: Table Tennis, Chess, Carroms and Billiards.

Fully equipped GYM

'A sound mind in a healthy body' has been the motto of Aditya in fostering the students to participate in games and sports at state and national levels. To strengthen the mental and psychological calibre, Aditya provides a golden chance for fitness in encouraging the students to take part in games and sports. At Aditya the ultimate facilities provided in sports and Games allowed me to become allround Champion representing our college in reputed Universities.

SARASUDDI MOHAN - 17A91A0140

Library

Veritable Abode of Knowledge

The spacious, well stocked and stacked central library at Aditya has a vast and eclectic collection of books, journals, databases, audio-visual aids, CDs, DVDs, e-books and journals, project reports, course material, classics and bound volumes of earlier examinations papers. These make up a total of a massive 1, 35,000 volumes, with nearly 15,000 prominent titles and as many international journals.

Keeping in tune with the latest technology, the volumes are bar coded and maintained in the 'Online Public Access Catalogue' system, making it convenient for the students to check, from any desktop computer within the campus, the availability of the books and material they seek. The library also has reprographic, print and scan facilities.

A Digital Library within the central Library fulfils the electronic material needs of the students with a whopping 4500 video lectures, and presentations by renowned professors of IITs and also Foreign Universities through the Unified Library Server. It has an institutional membership of DELNET, INFLIBNET.

The central Library subscribes to all leading national and international journals such as the IEEE, ASME, ASE, Springer, World e-book library to help student and faculty members keep themselves abreast of the latest trends and developments in their respective fields.

Open throughout the day and half days on holidays, the library employs 23 qualified and efficient librarians to cater the needs of students, faculty members and research scholars.

Hostels at Aditya

Inviting Atmosphere!

Cherishable Memories!!

Delicious Multi-Cuisine!!!

The defining days of my life were spent here! For sure these would be the words of every student who stays at Aditya hostels. Any student who enters Aditya hostels is at the threshold of an amazing new world waiting to be explored. Cultural diversity, Sports grounds, GYM, exclusive hostel events, food courts, lush green landscapes, dining halls....there is much to know and much to do.

Facilities

- Comfortable, hygienic surroundings, individual grooming and counseling
- Separate hostels for boys and girls on the campus (AC/Non-AC)
- Well ventilated rooms with attached bathroom, balcony, individual wardrobe & study table
- An exclusive library with digital and multimedia facility, newspapers, magazines, journals, books related to academics and competitive exams like GRE, GATE etc.
- Resident faculty who address the personal and academic needs of students in their respective blocks
- Large dining halls and myriad of options in food keeping in view the various cultural backgrounds of the students
- Solar water heating systems in each block
- WI-FI and LAN connectivity
- Uninterrupted power supply round the clock
- Banking facility with 5 ATMs for money transactions
- Tie-ups with multispecialty hospitals which provide adequate health care facilities to students
- Separate guest house for parents

Hostel Events

Education bereft of Entertainment is incomplete in its totality. With a view to give an enlightened touch of entertainment and enhance the sporting spirit of students various events are organized like **"CAMPFIRE"**, **"ADITYA FOOTBALL LEAGUE"**, Cricket Tournaments like **"ADITYA PREMIERE LEAGUE"** and **"SUPER SIXES"**

All Terrain Bike

All Terrain Vehicle

Baja SAE India

- Baja SAE India is the most significant inventive of Aditya to hone the experiential learning of young engineering students. It is the first of its competition throughout the country. Baja SAE India is an intercollegiate design competition run by the Society of Automotive Engineers India (SAE). Teams of students from various colleges and universities all over the country design and build small off-road cars. Our teams bagged all India 43rd rank , 51st rank and 56th rank in e BAJA in the last two consecutive years 2017 & 2018. The participation has increased extensively and continues to soar through the years.

Experiential Learning

Experiential learning is of paramount importance at Aditya. Projects are not just additional activities but mandatory requirements. They are a way of life, a constant day-to-day learning endeavor at Aditya. Giving wings to their imagination our students have so far done various innovative projects which are helpful for both the college and society. Many of the projects received appreciation at state level and national level.

Battery Electric Car

Solar Powered Vehicle

Go-Kart

“Be Fast, Be First”

To enable a conducive sporting spirit and atmosphere in the students, Aditya hosts Go-Kart Championship in collaboration with SIEGER PRO for the budding engineers. Go-Kart Championship is basically an engineering event, solely dedicated to promote better engineering practices and motorsports all over India in order to provide opportunity to the engineering students to design, fabricate and conceive the go kart, breaking the traditional way and thinking out of the box. It has come up with the opportunity for all the engineering branches to participate and unveil their secluded talent. Aditya looks forward to provide a competitive environment through the event which will gear up the students for their future to cope up with different situations in different industries.

Dr.K.Lakshmi Narayana (Retd. IAS), Founder & Director of Andhra Pradesh State Skill Development Corporation (APSSDC) inaugurated the event open.

Research & Development

Armed with Research

Recognizing that Research & Development boosts an engineer's competitive edge and help to attain a successful career, Aditya laid the foundation of R&D among students parallel to their academics. It's a rare achievement for Aditya that the departments of Electrical and Electronics Engineering, Mechanical Engineering, Computer Science Engineering, and Petroleum Technology have been sanctioned with Research Center by Jawaharlal Nehru Technological University Kakinada. Armed with modern and sophisticated laboratories and equipment, the students take R&D as a practice at Aditya. The team of R&D outlines the benefits of engineering research in both theory and practice. R&D helps to fill gaps in knowledge of the students and develop creative efficiency in them. R&D frequently conducts workshops, seminars & Faculty Development Programs for all students and faculty to spur the research instinct in them.

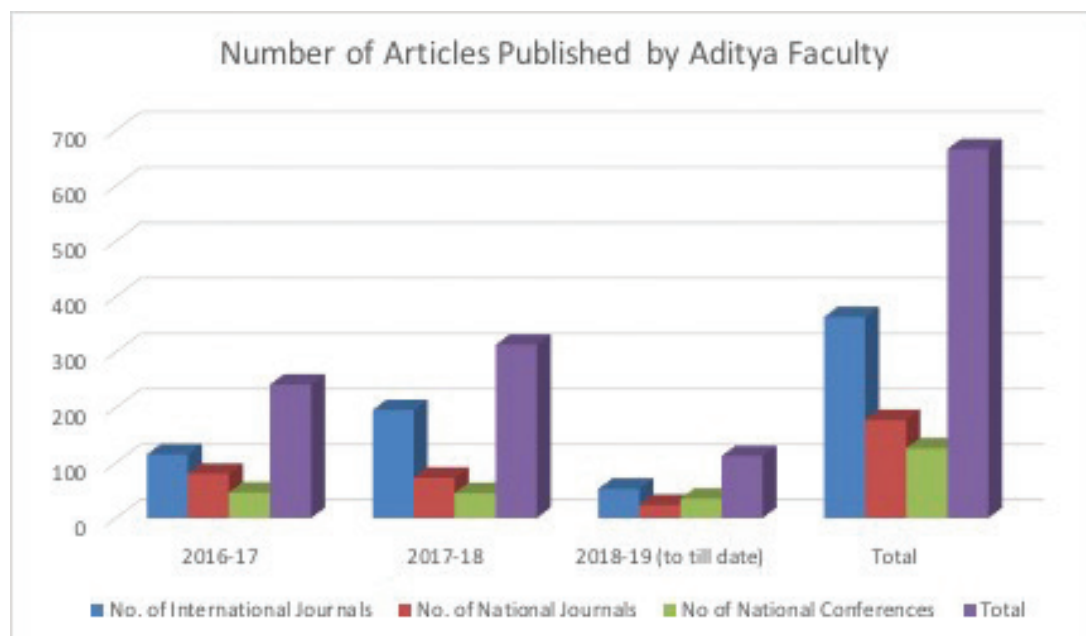

Patents - Creating Innovative Knowledge

Aditya is a hub of research and innovation. In the patent age of new inventions, young engineers with a creative mind can both benefit the nation and themselves by having a bright chance of getting recruited early and on a better term. Aditya fosters the student's idea on any concept which is unique and different and further assists the students and faculty in filling the patents. So far, Aditya has 14 patents. Aditya facilitates the modification and up-gradation of the products developed by the faculty/students to meet the industry requirements.

Publications - Above the Horizon

Aditya group of colleges is at the forefront of higher education in India by virtue of its commitment to academic excellence and research. The institution has established a roadmap that provides a framework for quality education for lifetime learning and aims at inspiring faculty and students through research and service focusing on the power of discovery and critical thinking.

The following data represents the number of articles published by faculty of Aditya in National and International Journals and Conferences.

Awards and Accolades

AICTE-ECI-ISTE-Chhatra Vishwakarma Awards:

One more feather is added to Aditya's academic cap with four students excelling and awarded accolades for their outstanding achievement All India Council for Technical Education (AICTE), Ministry of Human Resource Development, Govt. of India, Engineering Council of India (ECI), and the Indian Society for Technical Education (ISTE), a competition **"AICTE-ECI-ISTE Chhatra Vishwakarma Awards-2018"** for the students of AICTE approved Degree & Diploma level Technical institutions. They have received the award from **His Excellency the Vice President of India - Shri Venkaiah Naidu**. The Awards are aimed for motivating young individuals, inspiring leaders and institutions/ organizations to raise their performance in their specific domains leading to significant contribution towards the growth and development of the nation. To recognize and honor innovative work of the students displaying exceptional skills by providing the innovative solution on the given theme.

Prathiba Awards:

The initiative of the State Government of Andhra Pradesh to recognize and reward the meritorious students for their outstanding academic achievement. Aditya is proud enough to have been showered with this meritorious award for outstanding students excelling in Academics.

S. No	Year	No of Awards
1	2015	17
2	2016	18
3	2017	21
4	2018	20

Think Entrepreneurship

Small Ideas can be Big!

Venture Development Centers - Be the game changer.

Aditya has created a fostering environment for entrepreneurship to conquer the world through a variety of channels. With world-class Venture Development Center, a skill enhancing center by Andhra Pradesh State Skill Development Corporation (APSSDC) in partnership with Northeastern University, Boston, Massachusetts, USA, aims to increase employability and high potential growth enterprise creation among engineering students. VCDs guides students through various academic and experiential learning programs to help ideate, mature and development ventures. VDCs guarantee the game-changing ideas of promising entrepreneurs are translated into actionable pursuits and also ensures that these pursuits thrive and prosper. The primary objective of VDCs can be broadly split into:

- Promote a culture of innovation based entrepreneurship
- Build competencies through practical, hands-on experiential learning
- Help empower entrepreneurs to launch successful ventures

Venture Initiative Centers - Entrepreneurship starts here

Aditya feels honoured for adding one more feather in its cap to say that Ms. Ramayanam Gayatri Devi (faculty) and Mr. Karanam Bala Siva Tarun Kumar (student) participants in 'Idea to Entrepreneur' (i2E), 'GLOBAL ENTREPRENEURSHIP WEEK-2018' at North-Eastern University, Boston, Massachusetts, USA an initiative of APSSDC in partnership with North Eastern University, Boston, Massachusetts, USA. Both teammates received 100% sponsorship by APSSDC to participate in the program.

Towards promoting a culture of entrepreneurship on campus, Aditya established Venture Initiation Centers(VIC) to help students start and develop their business startups. VICs are made possible by the International Institute of Entrepreneurship Development (i2E), an initiative of Andhra Pradesh State Skill Development Corporation (APSSDC) in partnership with Northeastern University, Boston, USA. VICs act as the first level centers of entrepreneurship with a minimal investment. A strong feature of Venture Initiative Centers is to provide a precious opportunity to students to experiment, take the initiative and be creative. VICs organize roadshows, workshops, and other events to promote various initiatives of i2E and to inculcate a spirit of entrepreneurship among students. The primary objective of VICs are

- Promote entrepreneurship on campuses and in the surrounding communities, and inspire students.
- To approach problem-solving with creative, out of the box thinking leading to a dynamic ecosystem of startups.

Credentials

Certiport: Authorised Testing Center

Certiport Authorised Testing Center enables students to excel and succeed through certification.

Certiport certifications are valuable, professional credentials which are globally recognized standards for digital literacy and desktop computing proficiency. Certiport is dedicated to helping people excel and succeed through certification. These services encompass test development, psychometrics, program management, sales and marketing for numerous international companies.

ETS- TOEFL Test Centers

Aditya swears by the life-changing power of learning. This determines Aditya to establish innovative and meaningful measurement solutions of learning in the form of ETS- TOEFL Test Centers that not only improve the learning process but also expand educational opportunities for students. ETS- TOEFL Test Centers are a kind of assessment tools which are designed to help students to set their path towards their best in the future. ETS- TOEFL certifications under their arms broaden the academic future of the students planning to study at a higher education institution in Australia, Canada, New Zealand, the U.K., the United States, and across Europe and Asia.

TCS-ION ONLINE EXAMINATIONS

Aditya extends its support to government and non-government sectors by acting as an examination centre for several competitive, technical recruitment Online examinations conducted by TCS, SIFY, EDUQUITY, NSCIT, PMC such as

- NPTEL • GATE • APDSC • EAMCET • ICET • ECET • BANK PROMOTIONAL EXAMS • STEEL PLANT
- APTET • APPSC • UGC NET MOCK

With a well-structured internet lab facility holding up 5000 computers, approximately 50000 candidates appear for the exams every year.

Extending Horizons

Other States

With increasing demand in quality education coupled with good infrastructure, the campus has become the preferred destination to pursue a career for many students across the country. The college has enrolled students from ANDAMAN NICOBAR ISLANDS, ASSAM, BIHAR, CHHATTISGARH, DELHI, GUJARAT, HARYANA, JAMMU, JARKHAND, KASHMIR, KERALA, MAHARASHTRA, MANIPUR, MIJORAM, NAGALAND, ORISSA, TELANGANA and WEST BENGAL.

Other Countries

Along with reputation and infrastructural facilities, having a diverse and eclectic range of students from various cultures is the true mark of identification of a 'global' educational institution. Aditya is several steps ahead on this front as it attracts a large flock of students from AFGHANISTAN, BHUTAN, COTE D'IVOIRE, DR CONGO, GHANA, GUINEA, NEPAL, NIGERIA, SUDAN, SOUTH SUDAN, RWANDA and KUWAIT. The campus has customized infrastructure for international students and offers one of the most serene environments to pursue a career and at the same time feel at home.

We Are One In Spirit

Entering into the portals of ADITYA campus, one experiences the sublime and spiritual ambience. The lush green college prides in having a temple, mosque, and church embodying national integration – a march towards peace and harmony of all the religions. The college is blessed with magnificent beauty in the form of three shrines which are a unique feature in the annals of Aditya educational institutions in particular and abodes of learning in India, thus fostering a spirit of camaraderie and oneness.
