A BRIEF REPORT ON LED LIGHTING

Aditya Degree College has made the energy policy in the year 2018 and from 2019 onwards, it is implementing effectively. The following benefits we observed while implementing this policy.

LED lighting represents the latest development in our college. The energy efficiency and considerable lifespan of LED technology holds all the potential for changing the way brighten and by reducing the cost of electricity and overall energy use.

Advantages observed by the college :

- A long lifespan
- Energy efficiency
- Improved environmental performance
- No heat or UV emissions
- Design flexibility
- Low voltage operation etc.

Aditya Degree College, Kakinada formed a committee on the institutional policy of energy saving and this committee will conduct periodical meetings from time to time or whenever necessary on need basis. The committee will discuss about efficiency of this energy saving system and also discuss the problems facing with the energy saving policy. If any problems noticed by the members, immediately, the committee will appoint a person to make necessary arrangements to resolve the same with the energy saving technical team available in house or bring the technical personnel from outside.
