It gives me immense pleasure to lead the Department of Computer Science, the most sought programme by the students. We are thrilled to be partnering with you as you participate in an exciting educational journey of discovery.

The modern era has witnessed a rapid development in Computer Science in software. Each year, a host of new advancements is unveiled, from Robotics to Advanced Operating Systems, Microprocessors, and Supercomputers. As the desire for advanced technology continues to increase, so too does the demand for Computer Engineers. The students of the Computer Science are highly demanded by the recruiters of the top companies. Thus the scope of Computer Science is endless.

The Department goal is to provide students with a balance of intellectual and practical experiences that enable them to serve a variety of societal needs. In the department, students are nurtured to become best Software Professionals or Team Leaders in Industry or become Entrepreneurs in their own innovative way. Faculty also teach the students to work in teams, share their ideas, present, improve communication skills and join creative teams that make a positive difference.

On behalf of the administration, Computer Science Department welcomes the students and wish them bright journey of learning in the field of Computer Science.
