Deputy HOD (EXTC)
Prof. D.D. Ambawade

R & D Dean
Dr. Y.S. Rao
Principal
Dr. Prachi Chaurpure

About us:

Bharatiya Vidya Bhawan's Sardar Patel College of Engineering, Unadad Wing from year 2005-2006 was established in its new building under the name and style of Bharatiya Vidya Bhawan's Sardar Patel Institute of Technology and is affiliated to Mumbai University. Subsequently Electronics and Telecommunication course was started at graduate and post graduate level in the years 2006 and 2010 respectively. In addition to these programs Electronics and Telecommunication, Computer Engineering started Ph.D. program from 2012, MCA from 2016 and Electronics from 2017. University of Mumbai has conferred Autonomous Status to S.P.I.T. for a period of five years from the academic year 2017-18 to 2021-22.

Industrial Goal :

Given the growing complexity of industrial environment, it is important that organizations make an effort to adequately protect against digital threats. Doing so requires a multi-step approach that focuses on network security, endpoint security, and industrial controller security. Considering this, S.P.I.T and its Industrial Knowledge Partner TCS aimed to provide hands-on cyber-security training in network and application area using various security tools.

Registration :

Please fill online registration on college website : <http://www.spit.ac.in>

Course fees:

Registration charges of Rs. 1500/- in the form of Cash should reach to us on or before 20th June, 2018 along with registration form. Charges will not be returned if candidate is selected and does not attend the course.

About the Program :

We are happy to come up with this 2 days workshop which provides a practical industrial view about Cyber Security. Further, the workshop is structured to help participants recognize:
- How attacks against application and networked systems can launch,
- Why and how attacks work, and
- Learn and implement mitigation strategies/tools to increase the cyber security posture of applications and networks.

The hands-on training is split into six sessions: (1) Emerging trends of network security: An Overview, (2) GNS 3 Firewall and hands on practice session (3) Network Discovery and Mapping for vulnerability scan and management, (4) Network penetration Detection and report Analysis (5) Web-Application security tools (6) Mobile applications security tools.

Expected outcomes :

After the completion of this course with the extensive hands-on activity which includes analysis of application network system architecture, security vulnerabilities, and mitigation strategies unique to the application and network domain respectively. Hence, participants will get experience of how various strategies/tools work (e.g. GNS3, Nessus, PT, XAMPP, Mobile application security tools) and develop cybersecurity skills that they can apply in their work environment in the long run.

Who should attend :

Faculty, PhD & PG students pursuing degree in Electronics and Telecommunication, Electronics, Computer and I.T.

Handwritten signature

PRINCIPAL
ditza KAMMADA

Course content :		
Day	Speaker	Content
7th July, 2018.	Preerida Jani	Packet Tracer (hands-on) for various security architecture
9,00-5,00	Sudhakar Prabhu and Ankita Patel, SOC Team Lead (TCS)	Brief about technologies next generation firewalls, ASA firewall, using CNS 3 Firewall and hands on practice session, Vulnerability Management using tools like Nessus), Penetration testing
9th July, 2018.	Shahla Khan, Cyber Security Practice (TCS)	Application Security Fundamentals, Hands on configuration on BurpSuite, Tool, OWASP Webguard, Nmap/ Zenmap tool and more.
9,00-5,30	Sujata Kulkarni	Software tools in Biometric domain

Selection Criteria:

Maximum 25 participants on "First Come First Serve Basis". Organizing committee's decision will be final in selecting the participants. After successful completion of this workshop, participants will be awarded certificates by Tata Consultancy Services (TCS).

SHRI RAM COLLEGE OF COMMERCE

University of Delhi
(NAAC Accredited 'A+')

Two Day National Workshop on Research Methods

March 6-7, 2018
SRCC, University of Delhi
Maurice Nagar, Delhi-110007

About the College

Established in 1926, Shri Ram College of Commerce is a pioneer in the field of Commerce and Economics education in India. With a vision of being "A College of Global Choice" driven by a mission of "Achieving and Sustaining excellence in teaching and research, and enriching local, national and international communities through the research, the skills of alumni, and the publishing of academic and educational materials", Shri Ram College of Commerce aims at integration of the highest standards of quality in every aspect of its institutional functioning from imparting education to development of the nation. The College is rated 'A+' by National Assessment and Accreditation Council and has been ranked consistently number 1 College by India Today-AC Nielsen Survey for Commerce education in the country.

About the Workshop

Recognizing the need for training in research and development of research competencies, Shri Ram College of Commerce is organizing a two day National Workshop on Research Methods. The focus of the workshop is to expose participants to research methods which are employed in both qualitative and quantitative data. The following topics shall be covered:

1. Linear Probability Modeling
2. Logistic Regression and Applications
3. Probabilistic Regression and Applications
4. Granger Causality

Page 7

The course delivery will be a mix of theory (why) and application (what) to inculcate the ability in participants to understand and assimilate the underlying assumptions, logic and theory behind these methods. The pedagogy of the workshop will have a composite blend of interactive lectures and hands-on training in the research methods. Emphasis will be on building concepts with the requisite rigour and analysis of research data. Participants will be provided with the relevant data sets for the purpose of analysis in order to facilitate experiential learning. It needs to be emphasized that the workshop will meet an important end of discussing quantitative tools for analysing quantitative data.

Objectives of the Workshop

The workshop has been organized keeping in mind the emerging needs of the community of academics and researchers. As such, the objectives of the workshop are:

- To provide a stimulus to the keen learners comprising of research scholars, academicians and professionals
- To acquaint participants with the basic principles, concepts and problems of the listed research methods
- To provide an application-oriented experience of the techniques and models used in research
- To hone the analytical skills of participants in conceptualizing and understanding the research outputs

PRINCIPAL
Degree College,
Aitrya
Kakinada

Who should attend

The workshop shall be of immense interest to :

- Faculty Members/Academicians
- Research Scholars
- Professionals/Executives engaged in the field of data analytics

Registration

Please register through the online link:

<https://www.affforms/OWOL8ZowqkplwAUB3>

As there are limited number of seats, registration for the workshop shall be made on 'first come, first serve basis'. Applicants will be sent a mail towards confirmation of their seat. Once a seat has been reserved, no refund shall be made later on.

A Certificate of Participation will be provided to all participants on successful completion of the workshop

Important Dates

Registration Starts: **February 12, 2018**
Registration Closes: **February 28, 2018**
Confirmation of seat: **March 3, 2018**

Payment

The fee for the two-day workshop is **Rs. 2000** which includes workshop kit, lunch and tea/coffee/snacks for two days.

The fees can be paid through Online banking or NEFT/IMPS to:

Account Name:

Principal, Shri Ram College of

Commerce

Account Number: 10851301539

Bank Name and Branch: State Bank of

India, SRCC Branch (10437)

Resource Person

Dr. C. S. Sharma

Dr. C. S. Sharma is a distinguished educator with broad experience in India and overseas in teaching, program development (including enriched digital content), institution building, financial performance and business development. *Author of eleven books and forty-one research papers*, with publications on topics like Fuzzy Financial Ratios, Mergers and Acquisitions, Servant Leadership, Spirituality and Green Purchasing Intentions, Default Probability, Trust etc. he has acted in a consultative capacity to corporations, renowned institutions of higher learning, and is a sought-after speaker notably in research methodology, human behaviour and finance. Currently, engaged in teaching at SRCC, earlier he was Director at Maharaja Agrasen Institute of Management Studies and JRE Group of Institutions. He has conducted numerous workshops and training programmes at institutions like Punjab Police Academy Ramanujan College-DU, NHP, TISS-Mumbai CPDHE-Delhi University, Academic staff College Guru Jambheshwar University, MDI Rohak Manav Raadna University, National Academy for Training & Research in Social Security, Govt. of India etc.

Schedule

Day 1: Tuesday, March 6, 2018

Registration	8:30 to 9:00 am
Inaugural Session	9:00 to 9:30 am
Session I: Background and Introduction	9:30 to 11:00 am
Tea break	11:00 to 11:15 am
Session II: Linear Probability Modeling & Applications	11:15 am to 1:00 pm
Lunch	1:00 to 2:00 pm
Session III: Logistic Regression & Applications-I	2:00 to 3:30 pm
Tea break	3:30 to 3:45 pm
Session IV: Logistic Regression & Applications-II	3:45 to 5:15 pm

Day 2: Wednesday, March 7, 2018

Session I: Probabilistic Regression & Applications-I	9:30 to 11:00 am
Tea Break	11:00 to 11:15 am
Session II: Probabilistic Regression & Applications-II	11:15 to 1:00 pm
Lunch	1:00 to 2:00 pm
Session III: Granger Causality-I	2:00 to 3:30 pm
Tea break	3:30 to 3:45 pm
Session IV: Granger Causality-II	3:45 to 5:15 pm
Valedictory	5:15 onwards

THREE DAYS WORKSHOP

On

BIG DATA SYSTEMS, TOOLS, AND APPLICATIONS

17th - 19th December - 2018

Organized by:

Department of Computer Science
Engineering
& Information Technology

Jaypee Institute of Information Technology
(Declared Deemed to be University w/s Sec'd of UGC Act 1956)
Venue: A-10, Sector 62, NOIDA, U.P., INDIA

ABOUT JIIT

Jaypee Institute of Information Technology (JIIT), Noida was established in the year 2001 and has been declared as a "Deemed to be University" under Section 3 of UGC Act 1956.

The undergraduate programs of the university have been accredited by the National Board of Accreditation of AICTE. JIIT's state-of-the-art, environmentally conditioned campus comprises smart buildings with Wi-Fi connectivity covering the Academic Block, Business School cum Research Block, Faculty Residences, Student Hostels and Amrapuram. Well equipped modern laboratories and an intellectually stocked Learning Resource Centre with over 43750 books and 1.7 lacs e-Resources and resources provide a pleasant and stimulating ambience.

The Department of Computer Science & Engineering and Information Technology is a lively and invigorating academic centre for higher education, research, and innovation in key areas of computing. The vision of the department is to be a centre of excellence that provides high quality education to develop future leaders in all aspects of computing including education and entrepreneurship, contributes practically relevant and cutting edge research, and catalyzes IT entrepreneurship. For more info: <http://www.jiit.ac.in>

ABOUT THE WORKSHOP

The advent and exponential rise in the number of web, mobile and IoT based applications has led to the generation of mammoth volumes of data, termed as 'Big Data'. Today, big data is pervasive in multiple domains such as healthcare, social media, predictive modeling, e-commerce, finance and business analytics and many

more. This big data can be turned into a valuable asset only if it is efficiently stored, processed and analyzed. As a consequence, there is a huge requirement for big data systems and tools by applications generating as well as utilizing this data. Remarkable progress has been made in the field of big data, yet there exist a number of challenges with regard to its efficient handling and utilization. The objective of this workshop is to provide an opportunity for researchers and practitioners from academia and industry to gain insights into the developments along with the existing research challenges in this domain, as well as a practical exposure to effective big data systems, tools and related applications.

RESOURCE PERSONS

- Prof. R.K. Agarwal, Dean, School of Engineering, JNU
- Prof. Vikram Goyal, Indraprastha Institute of Information Technology, Delhi
- Ms. Shreya Khare, IBM Research AL, Bangalore, India.

WORKSHOP CONTENT

Expert lectures and extensive hands-on sessions cover following topics:

- Big Data Systems
- Deep Learning Concepts
- Streaming Data
- Deep learning practical session for Big data
- Data handling and Analysis using R.
- Big data storage and querying using NoSQL Databases

Email: parmeet.kaur@jit.ac.in, anuja.arora@jit.ac.in

Accommodation & Support

- The registration fee contains Lunch and Tea during workshop.
- The participants will have to bear their own travelling and accommodation expenses.
- Limited accommodation will be provided on first come first served basis to the participants, based on the availability of rooms in the institute Guest House and Hostels on payment basis.

SPONSORSHIP CERTIFICATE

This is to certify that
Dr./Mr./Ms..... is an
employee/student of our Institute/College/University and
his/her application is hereby sponsored. The above
information submitted by the applicant is true to my
knowledge. The applicant will be permitted to attend the
course, if selected and necessary leave will be granted
for the purpose.

Signature of the Sponsoring Authority with Seal Date:

Note: Selected candidates will have to bring a relieving certificate from the Institute/Head of Department at time of joining the course.

How To Reach

Metro: The station closets to the campus are 'Vanshali Metro station' and 'Noida City Centre Metro Station'. Shared and reserved autos are available there. You have to hire for JIT, Sector-62, Noida.

Announces

NATIONAL WORKSHOP

ON

**STATISTICAL AND OPTIMIZATION
LEARNING IN MULTIDISCIPLINARY ARENA**

IN CONJUNCTION WITH

NATIONAL STATISTICS DAY

JUNE 25th-29th, 2018

Organized by
 Department of Mathematics & Statistics
 School of Basic Sciences
 Manipal University Jaipur
 Dehmi-Kalan, Jaipur
 Jaipur-303006
www.jaipur.manipal.edu

Manipal University Jaipur established in the year 2011, is a multi-disciplinary private university in Rajasthan. University campus is home to the best-in-class infrastructure including state of art research facilities and modern laboratories. In line with Manipal Group legacy of providing quality education to its students, the campus involves the latest technology to impart education. The university offers courses in various disciplines: Engineering, Management, Architecture & Design, Basic Sciences, Law, Humanities & Social Sciences and Hotel Management.

The School of Basic Sciences has been established with an objective to introduce new courses of Basic Sciences and of Computer Applications at undergraduate, postgraduate and research level. The school is well equipped to carry out both teaching as well as research through its various departments namely Biosciences, Chemistry, Mathematics & Statistics and Physics. The School has developed syllabi for various core courses blend with of core science and interdisciplinary topics.

Department of Mathematics and Statistics with qualified and committed faculty members provides quality education to promote research activities in core and allied areas of Mathematics and Statistics. The Department enables students to excel in the areas of pure as well as applied Mathematics and Statistics. In addition to the regular Mathematics and Statistics courses offered for B.Tech., BBA, BCA, B.Com., B.Sc.(Bio-Tech.), M.Sc. (Bio-Tech., Chemistry), M.Tech. programmes, the department offers B.Sc.(Pass Course), B.Sc.(Hons.), M.Sc. by Research, and Ph.D. programmes. The major research areas of the department are: Fluid Dynamics, Spectral Functions, Integral Transforms, Relativity, Ring Theory, Reliability Theory, Stochastic Process, Theory of Sample Surveys, Small Area Estimations, Information Theory, Inventory Control, Operations Research, Mathematical Modelling, Topology and Functional Analysis.

Statistical data analysis plays a vital role in every field of teaching and research. When data size is sufficiently large, manual analysis becomes difficult and it consumes lot of money, time and resources. However, a number of computer software is available for handling the large (Big Data) data sets but demand of expert statisticians is increasing day by day. Due to this fact, it becomes the

largest growing field and therefore a lot of opportunities arise in medical, research, industrial sectors as a data analyst for those who are well-furnished with statistical software's. The main objective of the workshop is to make aware the researchers about statistical tools and techniques like data mining that are useful in research and academics by using statistical packages like SPSS, Minitab and R. This workshop will benefit researchers about effective use of these software's. This will allow the participants to use various statistical tools in their respective fields of research. In addition, it will be helpful for improving the data analysis skills and better interpretation of results. During the workshop the lectures will be delivered by Eminent Statisticians.

On June 29, every year, National Statistics Day is celebrated to mark the birth anniversary of Prof. Prasanna Chandra Mahalanobis, a renowned and eminent Statistician. The government of India, in 2007 decided to acknowledge the outstanding contributions made by Prof. P.C. Mahalanobis in the fields of economic planning and statistical development and hence designated 29th June as the National Statistics Day to celebrate Prof. P.C. Mahalanobis's birth anniversary. The very first national statistics day was celebrated on 29th June 2007 and this year 29th June 2018, is marked its 12th anniversary.

The workshop anticipates to cover the following topics: Introduction to SPSS, Minitab & Essentials of R, Descriptive statistics, Correlation, Linear and Multiple Regression Models, Applications of Hypothesis Testing, Applications of Non-Parametric Tests, ANOVA, MANOVA, Various Multivariate Techniques such as Factor Analysis, Cluster Analysis & SEM, Bayesian Analysis, Simulation and Modeling, Introduction to Time series analysis, Small Area Estimation, Optimization Techniques, Reliability Modeling and Analysis & Data Mining Techniques.

Prof. S.C. Malik (MDU, Rohtak)
 Prof. Athar Ali Khan (AMU, Aligarh)
 Prof. Aquil Ahmed (AMU, Aligarh)
 Prof. P.C. Jha (DU, Delhi)
 Dr. Jitender Kumar (CU, Rajasthan)
 Dr. Piyush Kant Rai (BHU)
 Dr. Mukender Singh Kadiyan (KU, Kurukshetra)

NATIONAL RESEARCH
METHODOLOGY WORKSHOP

Data Analytics Through R

3-5, JULY 2018

IN ASSOCIATION WITH
INSTITUTE OF ANALYTICS, UK

Organized By - Prestige Institute of Management & Research

Aditya K...
...

16TH NATIONAL RESEARCH METHODOLOGY WORKSHOP - 2018

ABOUT THE WORKSHOP

Management Research is a systematic process of gathering, recording and analyzing data to facilitate the decision making process. Applied research facilitates managerial decision making and reduces uncertainty. It is an amalgamation of techniques and procedures that helps the researcher to know and understand the phenomena in focus. It connotes patient study and scientific investigation, wherein the researcher takes another, more careful look at data to discover all that can be known about the subject under study.

The workshop aims to explore the basic dimension of research and the need for scholars to rethink the assumptions that underline historic paradigms of research in the field of management. It is designed to provide participants with hands-on approach to conduct research. On completion of the workshop,

participants would develop the skills to review the literature, develop hypotheses, frame research design, identify sampling techniques and comprehend the role and relevance of the tools for data collection and analysis. The three-day workshop will be exposing the participants to theoretical input on quantitative research methods, economic tools, followed by the field work based on syndicates. This workshop is intended to help faculty members, managers, researchers, management students in sharpening their Analytical Skills through R studio and SPSS (Statistical Package for the Social Sciences). The program is designed to cover all relevant aspects of Statistical Data Analysis starting from the very basics of Data Preparation, Data Cleaning to Advance Statistical Techniques including the theoretical aspects behind such techniques.

ABOUT INSTITUTE OF ANALYTICS

The Institute of Analytics (IoA) is the Professional Body for Analytics and Data Science professionals in UK and International. IoA is a not-for-profit organisation that exists to promote greater awareness, understanding and innovation in Analytics. IoA is fully supported in their mission by leading organisations in the sector. The Institute of Analytics provides members with the opportunity to network with other professionals in the industry, to learn about career development opportunities, to share knowledge and expertise, to access Continuous professional development programmes and to carry the official designation of membership.

POTENTIAL BENEFICIARIES

Business decision makers, Faculty members of academic institutes, Research scholars, Research Associates and Management students.

OBJECTIVES OF THE WORKSHOP

- To expose the participants to contemporary research methodology.
- To provide an opportunity to researchers to present the problems related to the research methodology faced by them for their current work.
- To understand the Selection Criterion of appropriate Statistical Technique.
- To use R Programming for statistical analysis Interpretation of the respective R Output.
- To use SPSS for Data Analysis & Interpretation of the respective SPSS Output.
- To facilitate establishment of a network of researchers.

DELEGATE FEE

A nominal fee of Rs.3000 - covering the cost of research material, lunch and refreshments for three days shall be payable per participant. In case of residential participants the institute will facilitate accommodation as per the requirements of participants only. The cost of which will be borne by the participants. Fees once paid will not be refunded. However, a substitute delegate is acceptable.

ARRANGEMENTS

The workshop will be conducted at the Institute's premises (opposite Life Care Hospital, Scheme 74 C, Vijay Nagar, Indore - 452010). The Institute will make the lodging and boarding arrangements for the residential delegates as per their need.

Aditya Degree College
Indore

RESOURCE PERSONS

Dr. Vinod Kumar Murti is an Industry professional turned academician who has a vast experience of 17 years in Engineering Industry and 17 years in academics. Dr. Vinod holds an Engineering Degree (B.E.) in Mechanical discipline, an MBA in Finance and Marketing and PhD in Finance. He is at present associated with IoA (Institute of Analytics), Head Quartered at London, in the capacity of Country Head - India based at Bangalore. Dr. Vinod was awarded Saraswati Sewa Puruskar by Lions International Club, Kanpur in year 2008 for his significant contribution in academics. He has won Second Prize in Best Doctoral Paper Competition in AIM'S 10th International Conference held at IIM-Bangalore during 6-9th January 2013. Dr. Vinod is a certified Trainer for IBM-CEBT and loves to share his knowledge about SPSS, SAS, R, Python and Excel and has conducted several workshops/FDPs on Data Analysis. He has been doing Corporate Training on Data Analysis for companies like Accenture, Capgemini, Prudential Global, Hewlett-Packard, Goldman Sachs, etc.

Dr. Vinod Kumar Murti

Dr Vivek Sharma is currently working as Sr. Lecturer at Institute of Management Studies, Devi Ahilya University, Indore. He possesses doctorate degree in management and is pursuing masters in psychology. He is also an Engineering Graduate, completed his BE from SGSITS, Indore. He has an experience of 18 years, with 15 years in Academics and 3 years in Industry.

Dr Vivek Sharma

There are more than 50 national and international research papers and two scales in his credit. He has co-authored three books. He has guided more than 150 students at post graduation level. He also supervises M.Phil and Ph.D students in management area. His areas of interest are organizational behavior, psychology, statistics and operations research. He has conducted Workshops and Training Programs for faculty members at various Institutes on application of Statistics in Research Methodology. He has also conducted workshops on usage of SPSS software at various Institutions. He is certified lead auditor of ISO 9000:2000 version and has an industrial experience in Quality Management department specifically in maintaining Statistical Information. He has also provided training to sales personnel on data analysis and soft skills.

PEDAGOGY

All concepts will be explained with the help of Data Sets with the application of softwares (SPSS and R) and decoding of interpretations. Exercises are also included for practicing the discussed concepts and applications. Participants are encouraged to bring their live data and queries for discussion and solutions. It is mandatory for all participants to carry their laptops fully charged (along with the charger).

ABOUT THE INSTITUTE

Prestige Institute of Management and Research (PIMR), Indore is a leading private institute of management education and research. The institute was established in 1984 with the aim of catering to the educational and training needs of the students, entrepreneurs, officers and executives from industry, government. The institute offers MBA (Full Time and Part Time), Bachelor of Business Administration (BBA), Bachelor of Business Administration (BBA) - International Business, Bachelor of Commerce (Hons), Bachelor of Computer Applications, MBA (International Business) and MBA (Marketing Management) besides MBA (Personal Administration), MFA (Financial Administration), MNC (Mass Communication), Ph.D in Management. It is one of the best self-financing institutes in and training centers in the country.

The Institute works on the principle of self-financing with necessary initial financial support provided by philanthropic institutions and chairman of the Prestige Group of Institutions, Shri N. N. Jain. Dr. Yogeshwar Phatak is the Director of the Institute. The Institute has a permanent affiliation with Devi Ahilya University, which awards all the degrees offered by the Institute.

MBA (Full Time) offered by the Institute has been accredited by the National Board of Accreditation or the AICTE, New Delhi. Institute has also been A Grade Two Consecutively with Grade 'A' by NAAC (UGC). The Institute has been conferred Autonomous status by UGC since July 1, 2006.

ABOUT INDORE

Indore was ruled by the Holkars from 1728, who thereon was granted title by Bahadur Shah in the beginning of the Holkar reign. Maheshwar close to Indore famous for its sarees, was the capital in 1818, the capital was shifted to Indore by Rani Annyabai, daughter-in-law of Maharaja Rao Holkar. The Holkars contributed significantly to the development of Indore. It is now an important commercial centre of Madhya Pradesh, which boasts of well developed industrial units like Dewas and Pithampur, where major industrial units have production facilities. Indore is well connected by road and air routes. Being close to Rajasthan, Indore has certain climatic peculiarities. During the day, temperature can be as high as 46°C while nights tend to be cool. The nights of Marwa are termed as Shabe-e-Malwa.

PROGRAM SCHEDULE

DAY I: Tuesday, July 3, 2018

- 09:30-09:45 A.M. - Registration
09:45 - 10:15 A.M. - Inaugural ceremony
10:15 - 11:30 A.M. - Session-I: Basic of Research Methodology (Introduction, Hypothesis and Framing of questionnaire)
11:30- 12:00 Noon - Tea break and photo session
12:00- 2:00 P.M. - Session II- Use of Statistical tools including Factor Analysis, t-Test and Anova using SPSS.
02.00 - 03.00 P.M. - Lunch
03:00 - 05:00 P.M. - Use of Statistical tools including Regression analysis using SPSS

DAY II: Wednesday, July 4, 2018

- 09:30 - 10:00 A.M. - Tea
10:00 - 01:00 P.M. - Basics of R Environment, R Script, Console, Global Environment & History, Basics of R Programming, Vector, Matrices, Data Frame, Import and export of data files
01:00 - 02:00 P.M. - Lunch
02:00 - 04:00 P.M. - Mathematical and Logical arguments, Data Manipulation, useful packages like psych, dplyr, ggplot2
04:00 - 4:15 P.M. - Tea break
04:15 - 5:30 P.M. - Data Visualization, Histogram, Box Plot, Bar Chart, Correlation Matrix, Scatter Plots and Heat Maps

DAY III: Thursday, July 5, 2018

- 09:30 - 10:00 A.M. - Tea
10:00 - 01:00 P.M. - Descriptive Statistics, Inferential Statistics, One Sample t test, Paired Sample t test, Independent Sample t test in R
01:00 - 02:00 P.M. - Lunch
02:00 - 04:00 P.M. - One Sample Proportion test, Two Samples Proportion test, One Way Anova in R
04:00 - 04:15 P.M. - Tea break
04:15 - 05:30 P.M. - Tukey HSD test and Chi-square tests in R

UNIQUE FEATURES OF THE PROGRAM

Basics of Data Analysis and basic Statistical Techniques will be covered using SPSS as well as through R- programming. Hands on experience on both the softwares, E-material and datasheets for practice will be provided to the delegates.

PREREQUISITES

- Participants should come with their Laptops or Desktops should be provided to them as this will be a hands-on training
- SPSS software will be provided.
- Participants should download R Gui and R Studio in their machines. [Instructions for downloading will be shared]

ONE WEEK WORKSHOP

ON

INDUSTRIAL PROCESS

SIMULATION

16th - 20th May 2018

Organized by

Department of

Chemical Engineering

BIRLA INSTITUTE OF TECHNOLOGY,

MESRA, RANCHI

<https://www.bitmesra.ac.in>

Principal College

About BIT Mesra

The Birla Institute of Technology, Mesra, Ranchi was established in 1955 by the philanthropist and industrialist Late Shri B.M. Birla with a vision to provide quality learning and dissemination of knowledge. The institute today offer undergraduate, postgraduate as well as doctoral level programmes in diverse disciplines of science and Engineering.

About Department

The Department was established in 1994 and currently offers two undergraduate programmes in B.E. (Chemical Engineering) & B.E. (Chemical Engineering-Plastics & Polymer) and two postgraduate programmes in M.E. (Chemical Engineering) & I.M.Sc. (Food Technology). The Department also provides facilities for doctoral research in the fields of Chemical Engineering, Polymer Science-Technology and Food Science-Technology. The Department received national recognition by winning the Gold Trophy for Plasticon Award 2012 in the category of Best Educational Institution Contributing to Plastics at the 8th International Plastics Exhibition and Conference, New Delhi.

About the Location and Travel

Birla Institute Technology (BIT) is located at Mesra, about 16 Km from Ranchi, the state-capital of Jharkhand. Ranchi is well connected to rest of the country through regular flight from major airports as well as through well developed rail and road networks. The BIT 'more' on National Highway-33 is well known landmark from where a tree-lined avenue leads one to the grounds that are always abuzz with young voices. The sprawling campus is located in a picturesque 780 acres setting at the confluence of the rivers Jumar and Subarnarekha.

Facilities

CAE: ASPEN PLUS •FLUENT •Poly Flow •MATLAB
•Mold Flow/Software: Flow, Stress, Warp and Cool •Academy's Material Studio: Synhia, Blend, COMPASS, Amorphous Cell, Discover, Mesodyn, DPD-CATIA •Autodesk Inventor •Pro-Engineer •ANSYS •Virtual Laboratory
Paulson Training Modules, Injection Moulding, Single Screw Extrusion, Compounding with Twin Screw Extrusion, and SIMTECH, etc.
Mass transfer, Mechanical Operations, Heat Transfer, Fluid flow, Reaction Engg., Fuel Technology, Process Control Lab., Polymer Processing Facilities etc.

Registration Details:

Important Dates
• Last date for registration: 04.05.2018

Registration Fees

- Faculty Members: Rs. 5000/- (including GST)
- Research Scholar and P.G. Students: Rs. 3000/- (including GST)
- Industry Participants: Rs. 6000/-

Travelling, lodging, boarding and other expenses will have to be borne by the participants. Accommodation will be provided on request in Institute Guest House/Hostels and hostels depending upon availability.

The course fee includes Registration kit, High tea, snacks, lunch, dinner for outside Participants only and certificate, registration fee will be accepted through NEFT with details (of SBI BIT) given Below.

Account number: 37354860062
IFSC code: SBIN0018056

Accommodation for external participants is available in Institute Guest Houses/Hostels.

The filed registration form (hard/scanned copy) along with copy of Money Transfer to be sent to :

Phone No. 8002486897

Who Should Attend?

Faculty members of Engineering colleges, PG students, research scholars and practicing engineers with active interest in the field can apply.

Importance & Scope of the Programme

At the present time, Process Simulations are fundamental steps to design and develop a chemical process plant. Suitable description of the performance of the various unit operations of the plant should be made integrated, to understand the mutual interferences between under steady state conditions and under unsteady state conditions. Process simulation tools are helpful to compare both situations. The stationary case can be simulated with package dealing with material and energy balance applied to each case needs dynamic modeling to describe the time dependent evolution of the system.

Thus the main aim of this workshop is to provide well known training on simulating vital chemical process under steady & unsteady state conditions, in order to design & develop the chemical process & product. The technocrats academic participating will be put through enrich technical session from primitive property predictions advanced industrial flow sheeting simulations. The TEO workshop is proposed diversified chemical field simulator so that the participants of different disciplines can take benefits of chemical process simulations.

Course Content

The workshop aims to cover the following topics:

- Aspen Simulation: introduction to Aspen Software Simulation of single unit operations-Pressure Change/Flash Drum, Distillation columns, Reactors etc.
- ASPEN Industrial Process Simulation: Industrial Flow Sheetting & Process Simulation of Conventional/Non-conventional chemicals (eg. Complex-amine reactions, chemical loop combustion etc.)
- ASPEN Tool Analysis: Sensitivity Tool, Design Spec Optimization Tool, Cost Analysis.
- MATLAB SIMULINK: Unsteady state process simulations-Lumped & Distributed parameters model.
- CFD: Classical Flow Phenomenon
- Molecular Dynamics: Atomic/molecular simulations- phenomena associated with density, Phased transition point and diffusion of Lennard-Jones system

ABOUT THE WORKSHOP

The Workshop is designed for researchers intended in analytics at any stage of their careers, including undergraduate and graduate students, faculty and scientists at their institutions. The Workshop will emphasize hands on sessions. The hands on sessions are designed based on domains like programming on Python, Predictive modeling, Machine Learning Algorithms. For data analysis and interactive, exploratory computing and data visualization, Python will inevitably draw comparisons with the many other domain-specific open source software. R is an open source package for Data Mining. It is available as stand-alone application for Data Analysis and as a Data Mining engine for the integration into own products.

REGISTRATION FEE

UG Students / PG Students	: Rs. 500
Faculty / Research Scholar	: Rs. 600
Industry participant	: Rs. 750

HOW TO APPLY

A maximum of 30 registrations are permissible on the basis of first come first served and selected candidates will be intimated through e-mail. The registration amount has to be paid in the form of Demand Draft in favor of "The Principal, Sri Ramakrishna Engineering College", payable at Coimbatore.

IMPORTANT DATE

Last date for Registration: 03.09.2018

Sri Ramakrishna Engineering College

THE ORGANIZING INSTITUTION

Sri Ramakrishna Engineering College established in the year 1994 by the sons of Sri S.N.Rangasamy Naidu and had grown into an eminent institution of international standards to meet the challenges of the modern world. The College is permanently affiliated to Anna University Chennai and Certified with ISO 9001:2015. The Institution offers 9 Under Graduate B.E/B.Tech. Programmes and 9 Post Graduate M.E /M.Tech/MBA Programmes. The eligible Programmes in the Institution are accredited by National Board of Accreditation (NBA), New Delhi. The College has been awarded Autonomous Status to the courses by UGC and Anna University, Chennai since 2007 which has helped the Institution to design the curricula and syllabi to meet the requirement of the Industries.

The Institution is ranked amongst top 10 colleges in various surveys in South India and top 40 colleges in India. The college campus has an admirable infrastructure with all facilities and well-equipped laboratories. The college has also signed MoU with reputed industries and institution to enable the students to be trained in gaining practical knowledge and develop latest technical laboratories in the institution. The college provides industry focused training and placement with industry interaction.

RESOURCE PERSON

Domain Experts from Data Science Research Group.

ORGANIZING DEPARTMENT

The Department of Computer Science and Engineering was established in the year 1994 and the Department provides Post Graduate Programme in M.E Computer Science and Engineering. The department is accredited by National Board of Accreditation (NBA), New Delhi for the fourth time and has excellent infrastructure facilities with well experienced and well qualified faculty members. The Department signed MoUs with leading organizations such as Pricol Technologies Ltd., Paxterra for collaborative consultancy works.

CONTENTS OF THE PROGRAMME

- Introduction to analytics
- Introduction to Python
- Data summarization, visualization, aggregation, etc using Python
- Multiple linear regression
- Cluster Analysis
- Binary logistic regression
- Classification and regression Tree
- Random Forest
- K nearest neighbor
- Naive Bayes Classifier
- Support Vector Machine
