REPORT

Name of the Program Exploring Session on placement opportunities for graduates

Date: 10-12-2019.

Venue: Seminar Hall, Sri Aditya Degree College Bhimavaram

Exploring Session on placement opportunities for graduates by Mr. Prasad Mandava by college for equipping students with information about career opportunities after graduation and how to select best opportunities. Firstly our counselor introduced us to various courses of science, commerce and arts as the basics and then she explained us the sea of opportunities in the outer world. He also encouraged us on choosing the field we're interested in rather than allowing somebody else to govern it. In the program we also learnt about various subjects of courses such as geology, archeology, arthshastra and many more which are generally not told to the students. We should choose the subject and area in which we're genuinely interested and only then we will be able to succeed and make a name for ourselves. Our various subject teachers also told their experiences while introducing their subjects and telling us the courses that they did in order to become what they are.
